FORMAT-Head to Head Bracket Style

First round (Round of 64) will be decided by a 3 game total series to determine the winner in each bracket. Second round (Round of 32) will be decided by a 2 game total series to determine the winner in each bracket.

The super 16 and beyond, will be decided by a one game roll off through the championship game. Any ties will be decided by an additional 10th frame. If still tied, then an additional ball will be thrown and the highest pin count will move on once the tie is broken.

Brackets will be filled by random draw.

Tournament will move forward once we have 32 paid entries. If we get 33-63 bowlers, the bracket will be modified as well as the prize fund. On day of the tournament, if a bowler fails to show and there are no replacement bowlers, then the bowler in that bracket will get a bye.
